

Brain and Genomics Hub
Hwb yr Ymennydd a Genomeg

Take part in research

We're building a research community of 600 people to improve treatment and care for people living with:

- bipolar disorder
- psychosis
- schizophrenia
- schizoaffective disorder

To take part, you'll visit our team in Cardiff and receive £100 on completing the study.

If you've experienced any of these conditions, please visit our website to find out more and complete our registration form:
